**Please Note:- The Product Lists below are as upto date as is possible - but due to the constant price and specification changes from the manufacturers all lists are now for 'reference only' due to the work involved in keeping them accurate.**

**If you require to order any model that does not have its own web site page and is only on this, or any list - you can order using the Secure Order Form or by e-mail & telephone as usual but you will be charged the correct current price - and not necessarily the price that is on this list. If in doubt - e-mail to ask first. Our prices will continue to be as competitive as possible with many ranges selling at 10% less the RRP / SRP (Suggested Retail Price).**

**By removing this task, it will allow us to concentrate on adding more & more models to the web site - giving them their own web site page & photograph etc... We have literally 1000's of models in stock that do not have a web site page. Many models will be added each week so you will need to check out the web site regularly if you are looking to that one model!**

**We will add an many New Release models as is possible - but will not be able to include them all - so if you see a model on another web site that you require or a new model that has not yet been released, please send the model reference number & details and we will supply you with a price & availability.**

**To order any of the models below please telephone, fax, post or e-mail.**

**Please note that only a **small** proportion of our stock is shown & photographed on our web site, which you can order via the shopping basket or telephone/e-mail. The remainder of models are listed on our stock lists and to order these models you can use the **Secure Order Form** that can be found on our Web site or you can telephone, fax, post or e-mail us - thank you.**
