**Please Note:- The Product Lists below are as upto date as is possible - but due to the constant price and specification changes from the manufacturers all lists are now for 'reference only' due to the work involved in keeping them accurate.**

**If you require to order any model that does not have its own web site page and is only on this, or any list - you can order using the Secure Order Form or by e-mail & telephone as usual but you will be charged the correct current price - and not necessarily the price that is on this list. If in doubt - e-mail to ask first. Our prices will continue to be as competitive as possible with many ranges selling at 10% less the RRP / SRP (Suggested Retail Price).**

**By removing this task, it will allow us to concentrate on adding more & more models to the web site - giving them their own web site page & photograph etc... We have literally 1000's of models in stock that do not have a web site page. Many models will be added each week so you will need to check out the web site regularly if you are looking to that one model!**

**We will add an many New Release models as is possible - but will not be able to include them all - so if you see a model on another web site that you require or a new model that has not yet been released, please send the model reference number & details and we will supply you with a price & availability.**

**To order any of the models below please use the Shopping basket or Secure Order Form via the web site, or you can telephone, fax, post or e-mail.**

**Please note that only a small proportion of our stock is shown & photographed on our web site, which you can order via the shopping basket or telephone/e-mail. The remainder of models are listed on our stock lists and to order these models you can use the Secure Order Form that can be found on our Web site or you can telephone, fax, post or e-mail the order to us - thank you.**

Swapmeet Models charge 10% less than R.R.P. (Recommended Retail Price) for most MATTEL - HOT WHEELS listed below.

Seeing the bat-like qualities of his Ford Futura concept car already had, George felt it was the perfect answer to the quandary 20th Century Fox had created. Three weeks later, in October of 1965, the Batmobile was born and television history was made.....
